RE: WC Docket No. 19-202; Supplement to Transfer of Control Application

Dear Ms. Dortch:

Please accept this letter, submitted on behalf of American Network Inc. and Hammer Fiber Optic Holdings Corp. ("Hammer") as a supplement to the Joint Application for Authorization to Transfer Control of American Network, Inc. ("Application"). This letter provides a correction to the Application, as well as additional information and affirmations requested by FCC Staff.

First, the fourth full paragraph of page 3 of the Application states that Hammer has a six-member Board of Directors, but only four directors are listed. The correct number of directors is four.

Second, the second full paragraph of page 3 of the Application states that 1st Point Communications, LLC provides interconnected VoIP services only. This letter reaffirms that the statement is accurate – 1st Point Communications only provides interconnected VoIP services.

Third, Hammer Fiber Optic Investments Ltd. is not offering any telecommunications, interconnected VoIP or any non-regulated services. That company has been closed down and is no longer in business.

Fourth, other than those entities disclosed in the Application, neither Hammer Fiber Optic Holdings Corp., any of its subsidiaries, nor any of its board members hold 10% or more interest in any other provider of domestic telecommunications services.

Any questions you may have regarding this filing should be directed to my attention at 407-740-3031 or via email to Sthomas@inteserra.com. Thank you for your assistance in this matter.

Sincerely,

/s/ Sharon Thomas
